

“A happy family is but an earlier heaven.” – George Bernard Shaw

Dear Parent,

SAI International Residential School believes that parents have essential roles to play in promoting children’s positive development and you have been our true strength and support along each step that we have undertaken. When school and parents work together as partners, they create important opportunities for children to develop social, emotional, and academic competencies. Schools are environments that establish a series of developmental tasks for children. In all these developmental tasks, the parents are an important resource for the child.

For forging our togetherness with you, we are organizing our annual virtual “**Art from the Heart**” family activity for classes - **Class IV – Class VIII** on **Saturday, February 20, 2021** from **6.30 pm**. Art encourages fine motor skills, neural development, and problem-solving abilities and is vital for families because it keeps everyone engaged and happy. It is a source of beauty and expression of creativity. The **topic** for this year is “**Family Bonding**” where families can create a “**Family Name Plate/ Family Wind Chimes/ Palm Painting**”. Your participation in the activity will integrate the family and school as envisioned by the holistic education at SAI International Residential School.

Kindly confirm your participation at the earliest. The last date of confirmation is **Wednesday, February 17, 2021**.

Rules & Regulations:

Participants include parents, grandparents, brothers & sisters

Kindly login through SAMS for the celebration.

Topic: "Family Bonding"
