

Dear Parents,

Greetings from SAI International!

We are conscious of the fact that our young learners have been provided online education since April 2020. We are also aware that there is a strong need for continuous learning and clarification of doubts in the learning processes. To ensure this, we have been constantly innovating to keep pace with the evolving situation.

As the dark clouds of the pandemic are receding, we hope 2021 has begun on a great positive note for each one of you. We, as a school are delighted, to have our SALoneers of Class X in our midst and though the students are on the school premises, we also realise that blended learning is the New Normal. However, our SALoneers from Class IV - IX and Class XI will come back to school in a phased manner over a defined period of time. In order to accommodate the phased return of our students, we have created our latest innovation in the form of SAI Home School (SHS), an e-learning platform that brings the school within the homes of our SALoneers, serving as a perfect substitute for home learning.

#### Launch of SAI Home School:

In keeping with our promise of always providing the best to our dear children, with a sense of humility and immense pleasure, we announce the launch of SAI Home School which will be live from today. We have made a sincere effort to ensure that SHS caters to the needs of all our SALoneers in a bid to make each learner excel and keep pace with the New Normal.

#### Features of SAI Home School:

As mentioned earlier, SHS, the gamechanger in the teaching learning process, will bring the learning not only at your doorstep but well within your homes. It is a complete package of learning consisting of the subject, the teaching, the content, the practice, and the doubt clearing.

#### Each module comprises of:

- **Mind Maps** which provide an overview of the chapter at large and also for each topic and subtopic, where necessary.
- Lesson Notes based on each topic and subtopic to enable clearer understanding as well as a quick recap of the chapter.
- **Home Practice** based on the concepts taught, facilitate revision of the lessons along with helping our young learners to understand the gaps in learning, if any.
- **Video Recordings (of Live Classes)** of the lessons taught ensure that the sense of being present with in the classroom remains unchanged.
- **Doubt Clearing** sessions will allow the children to have their queries answered by the teachers to whom they have been addressed.

All these features ensure that each element of the classroom teaching is available virtually for our dear SALoneers. This unique platform enables our young learners to learn without disruption.

In order to access SAI Home School, please log in using the **SAMS login through website** or **URL - <http://www.eedutree.com/shs>** using **SAMS User ID and password**.

SHS will be complimentary till March 31, 2021 for SALoneers whose whole year school dues have been cleared. Further complimentary SHS will continue till March 31, 2022, if the school dues are paid within due dates.

In case of any concerns, please write to us at: [info@eedutree.com](mailto:info@eedutree.com)

Warm Regards

Headmaster
